

# MAY 2009

## CHILDCARE NEWSLETTER

**Finally some signs of spring..... Birds chirping, children playing outside and happier people.**

We have made some changes to our daily programming. Instead of planning around a theme base, we are letting our children plan. They will come up with the ideas and we will plan for what they are interested in. These changes are in accordance with accreditation.

We are still working on diversity and disabilities within our program. If you have music, flags, costumes, basically anything that represents another country we would graciously accept donations. If you know of someone with a disability (wheelchair, visual, hearing) we would love for them to come and share with our children about their disability.

We are planning a yearend celebration, with you the parent(s) and grandparents on Friday Jun 12th at 3:30pm. The children have worked hard and would like to show you what they have learned. There will be tea, juice and goodies to follow.

If you have not registered for summer camp or would like to know more about it. Please talk to a staff member and they would be happy to show you our summer plans. The summer program will soon open up to the general community and space is limited. Ages 3-6 only

**Date Reminders:** **May 18 School and Daycare closed for the Victoria Long Week-end**  
**May 29 Special Lunch day**
